WALI INSTRUMENTS
TRUSTED TOOLS FOR TRUSTED CARE

Jewellery Optical & Watch Tools

www.waliinstruments.com

Innovative

We are one of the leading instruments manufacturers.

Our innovative force is based on customer dialogue. New technological developments, changes in legal stipulations, functionality and design.

Certified Quality

First-class instruments result only from the best materials and steels. Stringent material and production controls secure the high level of quality of our products. Anyone who sets as high standards as we do will appreciate the value we place not only on professional employees and modern specialized machinery but also on excellent quality management certified according to International quality & safety standardizer guarantee our customers the best material and processing quality. We even provide an unlimited guarantee on breakage on Jewelry, watch and Optical Tools.

Knowledge and skill

Qualified employees from various professional fields are the backbone of our company. They create highly specialized instruments with innovative pleasure and a wealth of ideas using selected raw materials made from stainless steel and titanium alloys.

Wali Instruments offers an extensive range of products for the Jewelry, Watch and Optical Tools. Wali Instruments is equipped with the most advanced computer-aided design and manufacturing equipment available. Much of the machinery used to produce our rigid fixation plating products has been custom made to our specifications and is one of the primary reasons for our unique quality. The use of our state of the art technology by skilled craftsmen with generations of surgical instrument making experience has resulted in the finest array of craniomaxillofacial products in the industry.
